

# Real-Time Arc Weld Monitoring Systems

GMAW - P-GMAW - GTAW - FCAW - SAW - SMAW - AC/DC

IMPACT offers a complete family of arc weld process monitoring solutions; providing Monitoring, Data Acquisition, WELD SIGNATURE® Analysis, Part Tracking™, Automated Diagnostics, Reporting, Charting & Alarming.

**Nobody** says it better than our **customers!**

"... Johnson Controls investigated several companies to determine who has the best GMAW monitoring with a development team dedicated to new technology. As we discovered, *Impact has the talent to truly understand what customers are looking for in a monitoring product.*"

Robert Noch  
Sr. Controls Engineer  
Johnson Controls, Inc.  
Advanced Mfg Engineering

"I would like to take a moment to tell you how much we at Worker Automation appreciate your help on our last project...*the rapid response by phone and in person from Leland Falde was outstanding...* We will not hesitate to call your group when we are in need of weld monitoring equipment in the future."

Joe Hickey & Jeff Nelson  
Worker Automation

"We have one of those systems ...and *they are awesome...*"

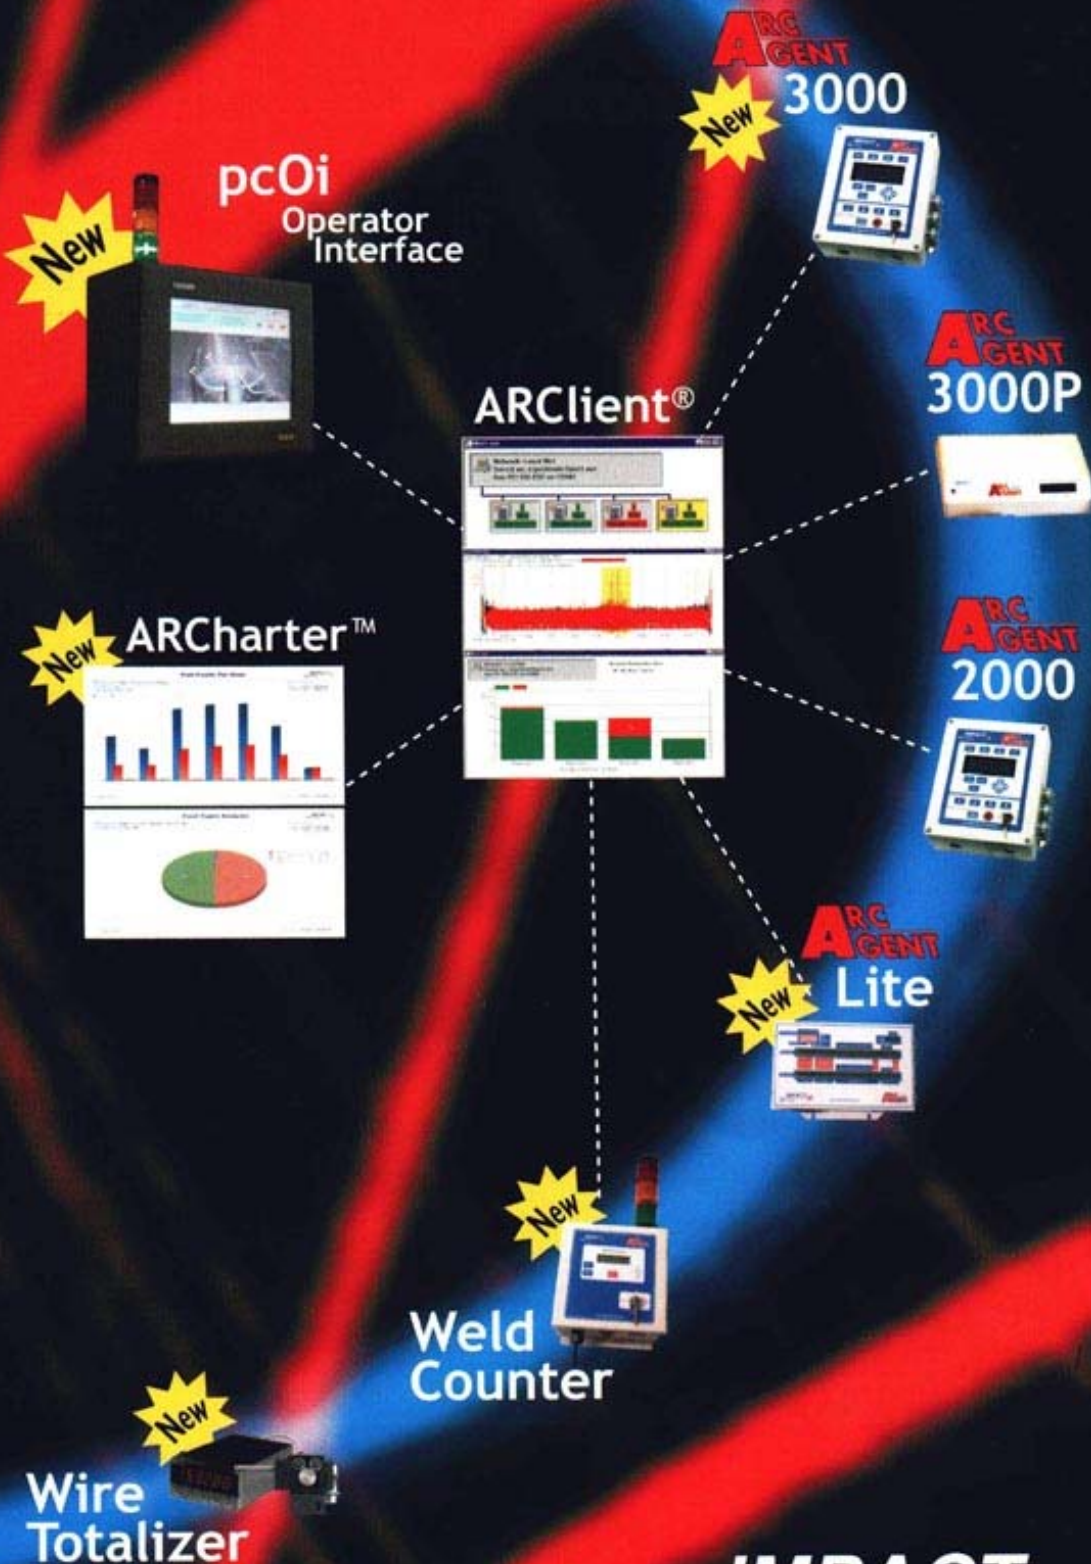

Doug Steyer  
Welding Specialist  
Praxair  
re: ARCAgent™ 3000P

"This system is like an *industrial polygraph.*"

Welding Engineer  
Komatsu Mining Systems

"Your *equipment is better,*  
your *software is better,*  
your *support is better.*"

Weld Engineering Manager  
Delphi Chassis
